Thank you for your personalized service and attention to our Monticello and Linden Estates adult condominium projects in Westbank and Summerland.

The quality of Weatherdek vinyl decking supplied has been superior and very serviceable. The Monticello product has been pleasantly received. It is attractive, wears well and upgrades our project. At all times the installation and after sales service has been excellent.

The most rewarding and pleasant aspects have been dealing with you, Barrie. You have always approached our business dealings with enthusiasm, integrity, and good will. I have always looked forward to the portion of the project that involved yourself, as having you on board eased the burden.

We unconditionally recommend you and Weatherdek to future prospective clients.

Thank you.

Yours truly,
LINDENHOME CORPORATION
